With over a decade of experience in construction and with countless residential apartments and villas projects completed to satisfaction, we at Pine Constructions don't just construct buildings, we build trust.

Our core values are built around our team of expert engineers in management roles, thoroughly professional in-house contractors and renowned space management consultants. The result of this unique approach is evident in our signature style of construction: aesthetically pleasing and architecturally smart.

**PINE INN** - a magnificent design featuring commercial ventures on the lower floors and luxury apartments on the 1st, 2nd, 3rd 4th and 5th floors. Located right on Main Boulevard, the Pine Inn is an ideal investment opportunity at this point in time, and one, we believe, you should not miss out on.

Working closely with the **MPCHS** to achieve their mission of establishing cooperative housing societies to promote real-estate investment and provide quality housing options.
